Wall:

1

2

Remove standard holder by unscrewing the nylon grub screw. Fix wall bracket onto wall using screws and wall plugs provided. Slide Daylight LED light into position on wall bracket.

INSTALLATION

Shaving Cabinet & Mirror on Board:

- 1 / Decide height of mirror, suggested 1950mm above finished floor level. Height should be based on desired height for individual.
- 2 / Electric cable should exit 50mm below top of door on the centre line of cabinet, or for mirrors 35mm above top of mirror.
- 3 / Attach light to top of mirror or cabinet positioned as far forward as possible to achieve maximum clearance from mirror surface.
- 4 / Fit standard junction (for Shaving Cabinet) and connect wiring.

Mirror:

- 1 / Decide height of mirror, suggested 1950mm above finished floor level. Height should be based on desired height for individual.
- 2 / Electric cable should exit 5mm above top of mirror.
- 3 / Remove standard holder by unscrewing nylon grub screw, and attach light to top of mirror.
- 4 / Tighten nylon grub screw.

Wall:

- 1 / Decide height of mirror, suggested 1950mm above finished floor level. Height should be based on desired height for individual.
- 2 / Remove standard holder by unscrewing nylon grub screw.
- 3 / Fix wall bracket to wall using screws and wall plugs provided.
- 4 / Slide light into wall bracket.

IMPORTANT

Device is Insulation Class II

For indoor use only. Ta 25°C

Nominal voltage AC 200-240v 50/60 Hz

This light must be installed in accordance with current AS/NZS wiring rules

This device contains no serviceable parts. If the supply cord is damaged it must be replaced by the manufacturer, its service agent or similar qualified persons in order to avoid potential hazard

WARRANTY

Residential: 12 months
Commercial: 12 months

Our products come with guarantees that cannot be excluded under the Australian Consumer Law.

You are entitled to a replacement or refund for a major failure upon inspection by an authorised representative where a product is found to be defective in construction, material or assembly. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure, free of charge.

CONDITIONS: 1. Items installed by a licensed tradesperson, 2. Failure is due to a fault in the manufacture of the product, 3. Proof of purchase is provided, 4. The installation of the product is in accordance with the instructions provided.

EXCLUSIONS: To the fullest extent permitted by law, the manufacturer excludes all liability for damage or injury to any person, damage to any property and any indirect consequential or other loss or damage. Manufacturer will not be liable for the cost of installation or removal of any unit and the warranty will be VOIDED if damage occurred during or after INSTALLATION or a damaged or incorrect unit has been installed. Unsuitable or improper use; Incorrect installation or installation not in accordance with the instructions provided; Installation or part installation by the purchaser or any person other than a LICENSED tradesperson; Normal wear and tear; Inadequate or complete lack of maintenance; Chemical, electrochemical or electrical influences; or Harsh detergents or abrasive cleaners used on product finishes, are NOT considered a warranty issue.

CLAIM PROCEDURE: For all warranty queries customers are to contact the branch where the product was purchased. These details can be found on your purchase invoice.
